Items in this agreement shall have Government insight determined by DCMA and the supplier. This agreement will be documented in a DCMA Letter of Delegation (LOD) that is separate from this agreement. Upon receipt of this code the Supplier is responsible for notifying its local DCMA representative that a DCMA Insight clause has been requested.

The LOD between the Subcontractor and DCMA will allow the same amount of insight into the Subcontractor's operations as is required by Northrop Grumman, in accordance with Prime Contract requirements. Upon reasonable prior notice and in a manner to minimize disruption this may include the following:

1. Attending of meetings, and reviews.
2. Review of applicable documents such as drawings, specifications, procedures, and work instructions.

DCMA may provide input and comments on these items, but will not have the right of approval. Any changes requested must be issued by Northrop Grumman in accordance with the provisions of the Contract.

The supplier shall furnish all reasonable facilities and assistance for the safe and convenient performance of the duties listed above. Any agreement between DCMA and the supplier that creates an impact to the procurement must be approved by Northrop Grumman prior to proceeding. The supplier shall notify Northrop Grumman of final agreement by providing a copy of the DCMA Letter of Delegation.
