A Certification of Analysis is required with shipment. Procure in accordance with part number and specification and/or drawing (if applicable). The certification shall include, for each item covered by the certification, the following minimum information:

• ATK/ABL Purchase order number.
• ATK/ABL part number and revision of the item supplied, as specified on the purchase order.
• ATK/ABL part name/description, as specified on the purchase order.
• Serial or lot numbers covered by the certification (as applicable).
• Specification and/or Drawing, as required by the purchase order.
• Total Quantity in shipment.
• The chemical/physical test reports (C of A) must have an authorized signature, title and date and shall constitute a statement of quality signifying acceptance to the total requirements as required by Purchase Order (a typed name with title on a computer generated document is an acceptable substitute for signature).
• The suppliers name and address.
• Manufacturers name and address if different from seller.

Material received without certification is subject to rejection and return to the supplier at the supplier's expense.

Note: Test reports or other supporting documents generated from a computer system with a statement of validity without additional signatures will be accepted providing the certificate portion of the data packet is signed or stamped as outlined above.
